Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits ; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. 9. **Trough Drains in the Civil Station, Murree.**—Read letter from the Commissioner, Rawalpindi Division, No. 1109-Misc., dated 11th September 1922, forwarding the above scheme at an estimated cost of Rs. 7,000 and an application from the Municipal Committee, Murree, for a grant-in-aid of Rs. 7,000.

Resolved that a grant-in-aid of Rs. 3,500 be sanctioned.

10. **Abohar Drainage Scheme.**—Read letter from the Commissioner, Jullundur Division, No. 4519, dated 23rd August 1922, forwarding the above scheme at an estimated cost of Rs. 2,59,094 for approval of the Board and administrative approval of Government with an application for a grant-in-aid of Rs. 1,34,297.

Resolved—

(1) that the financial position of the Notified Area Committee justifies the recommendation of the scheme for administrative approval;

(2) the Board notes that the Notified Area Committee assess the cost of the purely drainage portion of the scheme at Rs. 1,34,297, and asks for a grant-in-aid of the whole of this amount. The

calculations of the Sanitary Engineer show that the cost of the purely drainage portion of the scheme is Rs. 1,25,226 with supervision charges calculated at 1 per cent. In the first place it is not clear whether the District Board has consented to such a low rate for supervision charges; with the charges at 10 per cent. the cost would be Rs. 2,82,182 for the whole work. The Board resolved that it would be prepared to give a grant-in-aid of half the cost of the purely drainage portion of the scheme estimated to cost at a maximum Rs. 1,36,385 and to give this grant-in-aid of Rs. 68,193 by instalments as necessary,

(3) the Notified Area Committee should be asked whether, in view of the Board's decision as to the amount of grant-in-aid which it will give, they are prepared to proceed with the scheme. If the answer is in the affirmative, the Board will forward the scheme to Government with the necessary recommendation for administrative approval.

11. **Paving a Nullah at Murree.**—Read endorsement by the Commissioner, Rawalpindi Division, No. 2103-Misc., dated 6th November 1922, forwarding the above scheme at an estimated cost of Rs. 2,702 and an application from the Municipal Committee, Murree, for a grant-in-aid of Rs. 1,351.

Resolved that a grant-in-aid of Rs. 1,351 be sanctioned.

12. Read letter from the Sanitary Engineer to Government, Punjab, No. 1783, dated 23rd November 1922, stating for reasons given that in future he will not interfere with a municipal committee when making appointments in connection with sanitary works.

Resolved that the matter be postponed for consideration at the next meeting.

13. **Muktsar Water Supply Scheme.**—Read endorsement by the Commissioner, Jullundur Division No. 6145, dated 23rd November 1922, forwarding a copy of a letter from the President, Municipal Committee, Muktsar, No. 243, dated 11th November 1922, to the Deputy Commissioner, Ferozepore, with a copy of a Resolution of the Municipal Committee, Muktsar, and recommending that the departmental charges for carrying out the work in connection with the above scheme be reduced as a special case to 7 per cent.

Resolved that the municipal committee be addressed in the light of the Sanitary Engineer's note showing the error in their calculations with the clear indication that the Board is not prepared to consider the reduction of departmental charges below 12 per cent.

14. **Experiment in connection with the Ami Water Lift in Hoshiarpur town.**—Read endorsement by the Commissioner, Jullundur Division No. 6293, dated 1st December 1922, forwarding estimates amounting to Rs 453 for the above scheme and an application for a grant-in-aid of the total cost (Rs. 453).

Resolved that a grant-in-aid of Rs. 453 be sanctioned for the experiment.

15. **Trial Boring at Panipat.**—Read endorsement by the Commissioner, Ambala Division, No. 3793, dated 4th December 1922, forwarding an estimate amounting to Rs. 2,800 for the above scheme and an application for a grant-in-aid of the total cost.

Resolved that a grant-in-aid of Rs. 2,800 be sanctioned.

The date of the next meeting was provisionally fixed for the 1st February 1923, at 10.30 A.M.

Mr. G. T. POUND, Executive Engineer, Road Project and Experimental Division.

I. The minutes of the last meeting were confirmed.

II. *Considered the possibility of improving communications in the area irrigated by the Raya Branch of the Upper Chenab Canal.*—Messrs. Montgomery and Foy stated that the area was very liable to floods and that consequently road construction and maintenance would be difficult and expensive. Mr. Abbott said that the correct solution would be the construction of an agricultural tramway with feeder roads. It was decided that the question should be considered again when the Agricultural Tramway Engineer had presented his report on the proposed tramway through the area.

III. *Considered the Secretary's proposals with respect theto Montgomery-Pakpattan Road :—*

(a) To charge the cost of maintenance to the cost of the project until the work is completed.

(b) To give the District Board Rs. 20,000 for establishment this year deducting an equivalent sum rom one of its other grants.

With respect to (*a*) it was decided that the general question of the giving of grants for maintenance should be discussed when the grants to be given next year are considered, and that meanwhile no exception should be made to the rule that no grants are given for maintenance.

It was decided to defer the consideration of (*b*) to enable the Secretary to obtain further details of the District Board budget.

IV. *Considered a complaint as to the condition of the earth road from Rohtak to Sonepat.*—Resolved that the complaint be forwarded to the Rohtak District Board for disposal, and that, in future, such complaints could be dealt with by the President without reference to the Board.

V. The application from the Amritsar District Board for the remission of charges for interest and depreciation on the roller hired by it was agreed to.

VI. A proposal that Tarki Quarry should be hired from the Irrigation Branch was agreed to. It was decided that details should be settled by the Departments concerned.

VII. *Considered a proposal to borrow the services of Flight Lieut. Lywood for two months to report on (a) Possible improvements to the ferry arrangements at Dera Ghazi Khan and Dera Ismail Khan and (b) The possibility of floating timber down the Indus and to Karachi.*—It was decided that, as the rainy season is the proper time for studying the Dera Ghazi Khan and Dera Ismail Khan crossings, the question of (*a*) should be deferred. As regards (*b*) as many members expressed doubts as to the practicability of the scheme it was resolved that the matter be allowed to drop.

VIII.—A proposal to purchase stone testing machinery at a cost of Rs. 5,500 was agreed to.

IX.—It was decided that the next meeting of the Board would be held on Monday the 22nd January 1923, at 11 A. M.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Resolved that the Board considers that the results disclosed are highly satisfactory.

21. **Trial Boring at Kaithal.**—Read endorsement by the Commissioner, Ambála Division, No. 220, dated 19-20th January 1923, forwarding application for a grant-in-aid of Rs. 3,065 for the above estimated to cost Rs. 3,065 in connection with the Kaithal Water Scheme.

22. **Gujrat Drainage Scheme.**—Read endorsement by the Commissioner, Ráwalpindi Division, No. 91-Misc., dated 23rd January 1923, forwarding the above scheme estimated to cost Rs. 78,292 for administrative approval of the Board with an application for a grant-in-aid of Rs. 34,879.

The Sanitary Engineer stated that the work included an item of Rs. 25,001 on account of metalling, and the estimated cost of the work excluding this item was therefore Rs. 53,291.

Resolved that the administrative approval of the Board be given to the scheme at a cost of Rs. 78,292, but that before agreeing to a grant-in-aid, the local body be asked to state whether they agree to provide the whole of the funds required for the metalling if the grant-in-aid stands at Rs. 26,643, it being explained to the local body that the Board does not contribute towards the metalling of Municipal streets, this being a work which a local body should finance entirely from its own resources.

23. **Note on Rural Water Supplies by the Director of Public Health, Punjab.**—Read note by the Director of Public Health, Punjab, asking for an allotment of funds for the improvement of the Rural Water Supplies in the districts of Gurgaon, Kángra, Hoshiárpur and Hissar.

Gurgaon.—Resolved that until definite schemes are framed it is inappropriate for the Board to make any grant-in-aid; that the Sanitary Engineer call upon the District Engineer and Medical Officer of Health to explain their inability to furnish proper schemes, at the same time offering to aid them as far as possible with technical advice.

Kangra.—Resolved that a grant-in-aid of Rs. 15,000 be given towards the execution of the scheme of improvement of the rural water supply of the Kángra Tahsil for which administrative approval was given in Sanitary Board resolution No. 26 of 23rd March 1922, for Rs. 34,840 when a grant-in-aid of Rs. 15,000 was also given.

Hoshiarpur.—Resolved that until definite schemes are framed it is inappropriate for the Board to make any grant-in-aid; that the Sanitary Engineer enquire into the ability of the technical staff of the District Board to prepare such schemes, and if necessary make arrangements to have the schemes prepared in his office.

24. **Filling of tanks at Palwal.**—Read application for a further grant-in-aid for filling of tanks at Palwal.

Resolved that a grant-in-aid of Rs. 9,875 be made to the Municipal Committee, Palwal. This sum added to the sum of Rs. 15,000 already granted by the Board makes up a sum of Rs. 24,875 which is the estimated cost of the work of filling the Lawand and Baswála Depressions. Acting on the advice of the Director of Public Health, Punjab, the Board are not prepared to contribute further towards this scheme.

25. **Small-pox Hospitals at Simla.**—Read endorsement by the Commissioner, Ambála Division, No. 3437-L. F-A.-64, dated 1st November 1922, forwarding five applications from the Simla Municipal Committee for a grant-in-aid of Rs. 10,152 in connection with the certain improvements to the above scheme.

Resolved that the Board are unable to contribute towards local centres of Infant Welfare work. Resolved that administrative approval be given for Rs. 23,986 to the project for the improvement of roads and pavements, and that it be sent to the Sanitary Engineer for his technical sanction, but that the Board cannot contribute towards the metalling of Municipal streets, this being a work which a local body should finance from their own resources, and suggest that the small item of brick pavements contained in the estimate of Rs. 23,986 can probably be met from the contingencies of the drainage estimate on which work is in progress.

27. **Ambala Water Supply Extension Scheme.**—Read endorsement by the Commissioner, Ambála Division, No. 103, dated 12th January 1923, forwarding a copy of a letter from the Vice-President of Ambála Municipality requesting to forego the claims of Rs. 952-6-7 being unspent balance of grant for experimental tube well on the bank of Tangri in connection with the Ambála Water Supply Extension Scheme.

Resolved that the grant-in-aid of Rs. 4,940 be considered as cancelled.

Resolved that administrative approval be given by the Commissioner for Rs. 9,307 to the project for metalling the central part of the Mandi and providing it with drains, the administrative approval already given by the Local Government to the main scheme covers the estimate for Rs. 3,691 for flushing arrangements for Mandi Area.

Resolved also that a grant-in-aid of Rs. 1,846 for the flushing arrangements for the Mandi Area be granted ; a grant-in-aid for metalling the central part of the Mandi is not approved for the reason given in Resolution No. 126.

31. **Road water project at Rohtak.**—Read letter from the Commissioner, Ambála Division, No. 226, dated 19-20th January 1923, forwarding an application from the Rohtak Municipality for a grant-in-aid of Rs. 1,121 in connection with a scheme relating to the above estimated to cost Rs. 2,242.

Proceedings of a Meeting of the Board of Economic Inquiry (Rural Section) held in the Financial Commissoner's Room, Lahore, at 11 a.m., on Friday, 23rd February 1923.

PRESENT.

C. M. KING, Esq., C.S.I., C.I.E., I.C.S. (*Chairman*).

Professor SHIV DYAL, M.A.

Professor BRIJ NARAIN, M.A.

ANAND NARAIN SEWAL, Esq., B.A., LL.B.

D. REYNELL, Esq., I.E.S.

W. ROBERTS, Esq., Khanewal.

Rev. E. D. LUCAS, M.A., D.D., Ph.D.

Professor W. H. MYLES, M.A. (*Secretary*).

1. Mr. King had intimated that he might be late in arriving. Professor Myles was voted to the Chair.

2. Apologies for absence were read from Rev. Canon Guilford, H. R. Stewart, Esq., C. A. H. Townsend, Esq. and H. Calvert, Esq.

3. *Agenda Item No. 1*.—The minutes of the Proceedings of the previous meeting held on the 20th December 1922, were taken as read.

4. *Agenda Item No. 2*.—The Secretary intimated that as a result of correspondence with the Superintendent, Government Printing Press, it had been shown that 16 proof copies of Professor Bhalla's Report had been circulated to members of the Board and this accounted for the 16 copies received short. This explanation was accepted by the Board as satisfactory, and it was agreed to take no further action.

5. *Agenda Item No. 3*.—The combind Questionnaire submitted by Professor Brij Narain and the remarks of Rev. Canon Guilford were considered. A copy of the Questionnaire had been circulated to members. It was decided—

(*a*) that Mr. Mul Raj, Investigator in the Kangra District, be provided with a copy of the Questionnaire and asked to proceed on the lines indicated with such modification as he may find necessary for the Kangra District;

(*b*) that 100 copies of the Questionnaire be printed, circulated to members of the Board and to others who might be interested in such inquiries, with the request that suggestions for improvement might be submitted to the Board.

Professor Brij Narain was to be given an opportunity of revising the Questionnaire before printing.

(*Mr. King arrived at this stage of the Proceedings and took the Chair.*)

6. *Agenda Item No. 4*.—The Questionnaire submitted by Mr. Calvert for the inquiry into the subject of mortgages in the Ferozepore District was adopted.

The Secretary laid before the Board Mr. Calvert's point about the importance of getting a man of the agricultural classes for this inquiry. Three names were submitted to the Board as possible—Investigators Babu Ram, Guru Charan Singh and Chiranjiva Lal. It was noted that none of these satisfied the condition prescribed by Mr. Calvert; but, after some discussion it was felt that if the inquiry was conducted in a scientific manner it did not matter much who conducted it, and the Board itself might be trusted to remove any distortions or mis-representations.

It was therefore decided to ask Mr. Calvert if he would be kind enough to interview the three candidates mentioned above, and select the most suitable candidate.

Mr. Calvert was also to be asked if he would be kind enough to give such advice to the Investigator as might be required during the course of his inquiry.

7. *Agenda Item No. 5.*—The Board's letter No. 725-37-5-7 to Mr. Mul Raj was noted. The second part had already been disposed of in 3 (*a*) above.

8. *Agenda Item No. 6.*—The Board was informed that members of the Board, M. A. students in Economics and B. Sc. (Agri.) students had been invited to the Conference of the Indian Economics Association. Copies of printed papers had been circulated to members, and four copies of the Final Proceedings would, when printed, be sent to the Board for circulation. This was noted.

9. *Agenda Item No. 7.*—Letter No. 725-9-B-11232, dated 26th December 1922, to the Accountant General, Punjab, was read and noted.

10. *Agenda Items Nos. 8 and 14.*—The Secretary intimated that the Thesis on "The Supply of Milk and Ghee in the Punjab" had now been received for printing, but a certain portion still remained to be added.

The Board decided that if the portion to be added were entirely self-contained, the printing of the part received might be proceeded with. The writer of the thesis should be informed that the portion to be added must stand by itself.

It was decided to have 250 copies printed at the Government Printing Press.

11. *Agenda Item No. 9.*—The Secretary submitted the estimates of three Presses for printing, binding, sale and storage of the publications of the Board.

The Secretary was instructed to obtain estimates from the Mercantile Press, the Liberal Press and Uttar Chand Kapur, Lahore and from the Wesleyan Press, Mysore, and from one of the Presses in Poona; and to submit these for consideration at the next meeting of the Board.

12. *Agenda Item No. 10.*—As the Board has been declared a non-official body, it was decided that it must make its own arrangements for stationery and stamps, but the Chairman intimated that such typing as was necessary might be done in the Financial Commissioners' office until other suitable arrangements could be made.

13. *Agenda Item No. 11.*—A letter from Secretary to Punjab Government, Finance Department, calling for attention to the heavy expenditure on author's corrections in the case of Professor Bhalla's Report was read.

It was decided that in the case of future publications made through this Board, the manuscript, written or typed, must be submitted by the author in its final form. Such corrections as are made should be typographical, but considerable alteration of material once set into type, cannot be permitted.

The attention of Investigators publishing in future through the Board was always to be drawn to this decision.

14. *Agenda Item No. 12.*—(*a*) The note of Mr. F. L. Brayne, Deputy Commissioner of Gurgaon, on the subject of "Well Irrigation in its relation to modern conditions of agriculture," was read.

It was decided to reply to Mr. Brayne to the effect that the questions raised in his note are not those with which this Board is directly concerned, and that he should consult the Agricultural Engineer to Government at Lyallpur, who would no doubt furnish the requisite information.

A copy of the original note and this resolution is being forwarded by the Secretary of the Board to the Agricultural Engineer, Lyallpur.

(b) The note of Mr. F. L. Brayne, I.C.S., Deputy Commissioner, Gurgaon, on the subject of the "Economic value of goats" was read. Considerable discussion took place, and it was generally felt that the subject suggested was one of great importance to the province from the economic standpoint. At the same time the difficulty of the inquiry suggested was recognised.

It was decided that before such an investigation was undertaken, the Secretary should see what information could be collected on the subject, and that he should write to the Director of Agriculture, Punjab, and to the Agricultural Bureau at Rome, asking if any information on the subject was available.

The Secretary was also asked to inform Mr. Brayne that if he himself could submit facts and figures to the Board, the latter would give these publicity and they would be of assistance should the inquiry be undertaken later.

15. *Agenda Item No. 13.*—Preliminary Report by Mr. Mul Raj, Investigator, Kangra District, was read and noted.

16. A letter was read from Canon Guilford informing the Board that he was proceeding on leave until November. The Board decided that as the services of the Rev. Canon Guilford had been of great value to the Board in the past, and that as on his return he was proceeding to the Kangra District, where an inquiry was now in hand, his name be still retained as a member of the Rural Section of the Board.

17. The name of W. J. Mckee, Esq., M.A., Moga, was put forward by Dr. Lucas for membership of the Board. The Chairman intimated that he would take the necessary action.

Chairman, Rural Section.

INCOME TAX DEPARTMENT.

NOTIFICATION.

The 21st March 1923.

No. 133-G-.34.—The following reversion is made with effect from the date mentioned :—

Name.	Rank.	Reverted	With effect from	REMARKS.
Lala Abnashi Ram ...	Temporary Additional Income-tax Officer, Jullundur.	Income-tax Inspector, Jullundur.	15th March 1923 (afternoon).	

No. 133-G.-35.—Please read " 1923 " instead of " 1922 " against the name of Lala Pyare Lal in notification No. 133-G.-26, dated the 16th January 1923, notified in the Punjab *Government Gazette* of the 19th January 1923.

M. L. DARLING,

Income-tax Commissioner, Punjab and North-West Frontier Province.

Proceedings of a Meeting of a Sub-Committee appointed in pursuance of Resolution No. 3 of the fifth Regular Meeting of the Board, held on 1st December 1922 in the Public Works Department Secretariat at Lahore.

PRESENT :

A. S. MONTGOMERY, Esq., Chief Engineer and Secretary to Government, Punjab, Public Works Department, Buildings and Roads Branch (*in the Chair*).

Lieutenant-Colonel B. C. BATTYE, D.S.O., R.E., Superintending Engineer, Hydro-Electric Circle.

S. L. SALE, Esq., Executive Engineer, New Capital Committee, Delhi.

F. L. MILNE, Esq., M.I.E.E., Electrical Engineer to Government, Punjab, Lahore—(*Secretary*).

1. It was decided to include the following Punjab towns in the order given below :—

At the Start.

Lahore, Amritsar, Jullundur, Ludhiana, Gujranwala, Simla (and hill Stations), Ambala, Ferozepore, Kasur, Dhariwal, Kapurthala.

In the 3rd year of operation.

Lyallpur, Sangla, Chuharkana, Sheikhupura, Chak Jhumra, Tarn Taran, Phagwara, Batala, Sialkot.

In the 5th year of operation.

Malerkotla, Nabha, Patiala, Dhuri, Sangrur, Gobindgarh, Khanna, Sirhind.

2. Mr. Sale explained that the following obstacles stood in the way of the New Capital Committee taking a supply from any hydro-electric scheme :—

(*a*) Delhi is situated outside the Province in which the power station would be situated.

(b) Delhi would be at the extreme end of a transmission line from any hydro-electric scheme, be it in the Punjab or the United Provinces.

3. Mr. Sale pointed out that the New Capital Committee would require to be satisfied that the Mandi Scheme proposed was in all ways the most favourable, and he considered that this point could probably be settled by a Technical Water Power Committee.

4. The New Capital Committee would, in addition, require to be furnished with information on the following points :—

(a) The organization that would direct any hydro-electric scheme in the Punjab.

He stated that unless the Delhi Province had a large share in the control of the management of the undertaking, they would be unlikely to participate in the scheme; but would favourably consider taking power from a duly constituted statutory body appointed by the Viceroy in Council.

(b) The conditions governing the participation in benefits from such a scheme.

(c) The cost of power.

(d) The date on which a supply could be guaranteed.

Mr. Sale pointed out that it would be essential for a supply to be guaranteed by the 1st of October 1928, failing which Delhi would certainly not participate in any scheme.

5. The New Capital Committee might favour a scheme to which it would subscribe that portion of the capital cost represented by the ratio of its own demand to the total supply distributed at the time that Delhi came into the scheme.

6. The New Capital Committee estimated that its own demand in 1925-26 would be 2,900 K.W., with an approximate load factor of 47 per cent and the demand of the Delhi Tramways Company 1,260 K.W., with a load factor of approximately 60 per cent.

(The above include only 3 or 4 mills already electrified. It is estimated that the total Delhi load would approximate to 7,000 K.W., including all mills by 1930.)

7. Mr. Sale raised the question of the geology of the site where the power station is proposed, with particular reference to its features in regard to earthquakes. He was informed that the Punjab Government had taken all precautions in regard to investigating the site from this point of view, in consultation with the Geological Department and Dr. Gilbert Walker, F.R.S., and had satisfied itself that, from a seismographical point of view, the scheme was sound and there was nothing to be feared.

8. Mr. Sale pointed out that the New Capital Committee had under consideration two alternative proposals for obtaining a supply, one being a hydro electric supply from the Jumna, which had been investigated in sufficient detail to give an idea of the cost of power at Delhi; the other being a central steam-driven power station in the town; the cost of power from the former scheme was estimated to be ·75 annas per unit and from the latter it the neighbourhood of between 0·9 to 1·0 anna per unit.

Before they could decide whether they would adopt either of the above two schemes or obtain power from the Mandi Scheme, they would require full particulars on the points enumerated in paragraphs 3 and 4 above.

9. In view of what has been stated above, the Sub-Committee recommends that—

(a) The order of inclusion of towns stated in paragraph 1 be adopted.

(b) The information asked for by Mr. Sale be furnished immediately.

(c) The main trunks from Ambala to Delhi should follow the route *viâ* Saharanpore (with branch to Roorkee), Muzaffarnagar, Meerut and Ghaziabad, and that these towns should be included as consumers along with Delhi. (It is estimated that approximately 2,000 K.W. would be obtained from these small towns at the start.)

(d) Alternative financial statements be prepared for the Mandi project, one including and the other excluding Delhi.

Proceedings of the sixth Regular Meeting of the Punjab Electricity Board, held in the Committee Room of the Council Chamber, Lahore, on 4th December 1922, at 2-30 p. m.

PRESENT :

E. R. ABBOTT, Esq., C.I.E., I.C.S., Financial Commissioner and Secretary to Government, Punjab (Development Department) (*in the Chair*).

A. S. MONTGOMERY, Esq., Chief Engineer and Secretary to Government, Punjab, Public Works Department, Buildings and Roads Branch.

W. P. SANGSTER, Esq., C.I.E., Chief Engineer and Secretary to Government, Punjab, Public Works Department, Irrigation Branch.

Bt. Lieut.-Col. B. C. BATTYE, D.S.O., R.E., Superintending Engineer, Hydro-Electric Circle.

Major R. N. AYLWARD, D.S.O., M.C., Officer in Charge, Hydro-Electric Surveys, Punjab.

Diwan Bahadur Sir DAYA KISHAN KAUL, B.A., K.B.E., C.I.E., Prime Minister, Patiala Government.

Lala MULK RAJ, Managing Director, The Punjab Co-operative Bank, Limited, Lahore.

F. L. MILNE, Esq., M.I.E.E., Electrical Engineer to Government, Punjab—(*Secretary*).

AGENDUM 1.—*To read and put for confirmation the Minutes of the fifth Regular Meeting of the Board held on September, the 19th, 1922.*

The minutes of the fifth Regular Meeting were taken as read and confirmed.

AGENDUM 2.—*To consider the Superintending Engineer Hydro-Electric Circle's Report on his Investigation of the Mandi Hydro-Electric Scheme at site.*

RESOLVED that after hearing the report of the Superintending Engineer, Hydro-Electric Circle, this Board is of opinion that progress made so far is on sound lines and justifies further investigation of the scheme being proceeded with.

The Board notes with satisfaction the fact that it has been almost entirely due to the energy and initiative shown by Major Aylward, who has been in charge of the Provincial hydro-electric surveys, that this valuable water-power site at Mandi has been brought to light. The Board also desires that Mr. Milne's name be associated in this connection, as it it due to his advocacy that Government was induced to abandon both the Nangal and the Sutlej River hydro-electric schemes in favour of the Mandi project.

AGENDUM 3.—*To consider the recommendations of the Sub-Committee appointed under Resolution 3 of the fifth Regular Meeting of the Board.*

RESOLVED that—

(a) In order to enable the Chief Engineer to proceed with the preparation of the project, the recommendations of the Sub-Committee in regard to the order of inclusion of towns as given in paragraph 1 of its report, is agreed to by the Board, but that in regard to towns noted for participation in the fifth year of operation, the views of the various Indian States concerned, should be obtained as soon as possible.

(b) The Chief Engineer, Punjab, Public Works Department, Buildings and Roads Branch, be asked to furnish the information asked for by Mr. Sale as soon as possible.

(c) The Chief Engineer, Punjab, Public Works Department, Buildings and Roads Branch, should get into touch with the United Provinces Government and, subject to that Government's approval, the Board is of opinion that the main trunk line from Ambala to Delhi should follow the Saharanpore-Meerut route, and that the towns mentioned in the Sub-Committee's report should be included as consumers along with Delhi.

(d) The Superintending Engineer, Hydro-Electric Circle, be instructed to prepare alternative financial statements of the Project, one including and the other excluding Delhi.

AGENDUM 4.—*To consider letter No. 128-G. L., dated 18th September 1922, from the President of the Subera Hydro-Electric and Agricultural Development Association.*

RESOLVED that the Secretary, Irrigation Branch, be asked to reply to the President of the Subera Hydro-Electric and Agricultural Development Association, that as Government cannot give an assurance that the Lahore and Amritsar districts will come within the sphere of the Madhopore Scheme, a concession for developing that scheme becomes unremunerative and in these circumstances the Board cannot recommend Government to grant a concession to the Association.

AGENDUM 5.—*To consider letter, dated 20th November 1922, from the Manager, The New Egerton Woollen Mills Company, Dhariwal, to the Secretary, Punjab Electricity Board, and the latter's reply No. 199-4A-1, dated 27th November 1922.*

RESOLVED that the Secretary be instructed to reply to the Manager, the New Egerton Woollen Mills, as below :—

(i) That this Board is of opinion that the Mandi Hydro-Electric Scheme will in all probability materialise, but that power will not be available within two years.

(ii) That should the scheme materialise, 1,500 H.-P. could be supplied from it to the Mills at Dhariwal.

(iii) That this Board anticipates that the scheme will be sufficiently advanced to enable a supply to be given to the mills by the cold weather of 1926-27, as Dhariwal has been included among the towns for which power is to be provided in the first stage of the scheme.

F. L. MILNE,
Secretary, Punjab Electricity Board.

COMMUNICATIONS BOARD, PUNJAB.

Minutes of the First/23 Meeting of the Communications Board, Punjab, held at Lahore in the Committee Room of the new Legislative Council Buildings, on Monday, the 12th February 1923, at 11 a. m.

PRESENT :

Mr. A. S. MONTGOMERY, C.I.E., Chief Engineer, Punjab, Buildings and Roads Branch (*in the Chair*).

Mr. F. A. HADOW, Agent, North-Western Railway.

Mr. A. J. GIBSON, M.L.C., Chief Conservator of Forests, Punjab.

Mr. J. G. BEAZLEY, I.C.S., Director of Agriculture, Punjab.

Rai Bahadur Sir GANGA RAM, K.C.I.E., M.V.O., Lahore.

Syed MOHAMMAD HUSSAIN, M.L.C., of Shergarh District Montgomery.

Khan ABDULLAH KHAN, M.L.C., of Khangarh, District Muzaffargarh.

Rai Sahib HARNAM SINGH, M.L.C., of Rawalpindi.

Rai Bahadur BENARSI DASS of Ambala.

Mr. K. G. MITCHELL, Secretary, Communications Board, Punjab.

Co-opted.

Mr. E. R. ABBOTT, C.I.E., I.C.S., M.L.C., Financial Commissioner (Development), Punjab.

Mr. E. R. FOY, Chief Engineer, (Construction) Sutlej Valley Irrigation Project.

Mr. G. T. POUND, Executive Engineer, Road Project and Experimental Division.

I. The Minutes of the last meeting were confirmed.

On the motion of Mr. Abbott it was resolved that the Agricultural Tramway Engineer should, when preparing the Shahdara-Badomali Tramway Project, consider the alignment which was proposed for the broad gauge line as well as that alongside the canal.

II. *Considered the financing of a proposed ropeway from Tara Devi to Narkanda, and the desirability of having an Aerial Ropeways Act in the Province.*—(A note by Mr. F. Midgley is reproduced as Appendix I to these minutes.)

In opening the discussion Mr. Gibson made it clear that having got the project into its present form he desired to pass it on to the Communications Board for disposal. He pointed out that the proposed ropeway would pass through an important potato-growing area from which the chief exports would be potatoes, fruit, and charcoal, while wheat and other foodstuffs could be imported so that the whole of the available land could be given up to the cultivation of potatoes and fruit for which it was peculiarly suited. The ropeway would serve to carry the mail; and a most important advantage would be the extinction of *begar*.

It was considered that the first thing to do was to get the engineering details and the figures of traffic checked by an independent expert. Mr. Hadow promised to ascertain the whereabouts of Mr. J. A. Bell who has made a study of ropeways.

It was decided to instruct the Secretary to find out whether Mr. Bell could undertake the investigation and what his fee would be and, if Mr. Bell is not available, to see if any other expert can be found in India to undertake the work.

It was also considered advisable to go into the question of an Aerial Ropeways Act for the Punjab possibly based on that of the United Provinces. This is to be discussed at a future meeting of the Board.

III. *Considered the applications for administrative approval.*—(See Schedule reproduced as Appendix II to these Minutes.)

Resolved that administrative approval be conveyed to serial Nos. 1—3 of the Schedule with the usual proviso that the Board accepts no financial liability nor gives any promise to give grants either for construction or maintenance of these roads; and that administrative approval be refused to the remainder of the projects on the Schedule on the ground that the financial position of District Boards does not warrant their undertaking any further road construction at present.

IV. *Considered the disposal of the reserve for colony roads.*—Resolved that the reserve of Rs. 23,131 be granted to the Gujrat District Board for the Baha-ud-Din-Phalia road.

V. *Considered letter No. 786-W-9, dated the 4th January 1923, from the Agent, North-Western Railway, on the subject of allowing railway land to be used for public roads.*—(The letter is reproduced as Appendix III to these Minutes.)

After reading Mr. Hadow's letter it appeared that no material advantage would be gained by accepting the conditions laid down by him, as in the cases of specific instances referred to an equal advantage could be obtained by acquiring an equivalent area of land outside the railway boundary.

This applies particularly to colony areas. Cases may arise outside the canal colonies where land parallel to the railway cannot easily be obtained and a parallel road is desirable. Such cases will be considered on their own merits when they arise.

VI. *Read Railway Board Notification No. 802-P., dated the 28th December 1922, sanctioning a survey to be carried out by the North-Western Railway for a broad gauge line from Mukerian to Talwara.*—Noted.

VII. *Considered the appointment of a Sub-Committee for communications in the Niti Bar Area.*—A Sub-Committee consisting of Messrs. Abbott, Foy, Hadow, Rai Bahadur Sir Ganga Ram, Syed Mohammad Hussain, and Mr. Mitchell was appointed.

VIII. It was decided that the next meeting of the Board would be held on Thursday, the 12th April 1923, at 11 A. M.

G. T. POUND,	A. S. MONTGOMERY,
EXECUTIVE ENGINEER,	ACTING PRESIDENT,
for Secretary, Communications Board, Punjab.	*Communications Board, Punjab.*

APPENDIX I.

PROPOSED SIMLA-NARKANDA ROPEWAY, BY F. MIDGLEY, ESQUIRE.

1. *Name of Firm undertaking survey.*—Messrs. British Ropeway Engineering Company, Limited, 34 Fenchurch Street, London, E. C. 3: *Agents*—Gillanders Arbuthnot & Co., Calcutta.

2. *Type of Ropeway decided upon.*—Mono-cable.

3. *Details of capacity loads and power to be used* :—

Capacity.—The total estimated amount of traffic is 22,000 tons per annum, of which about one half goes, in each direction, *i.e.*, to and from Simla to Narkanda.

Total number of working days per annum = 220, 10 hours per day, we get 2,200 working hours per annum. Hourly capacity of ropeway = 10 tons per hour, 5 tons per hour each way to and from Simla. Assuming that the traffic will probably double itself in 20 years provision should be made accordingly, and the ropeway will be designed for an ultimate capacity of 10 tons per hour in each direction or 20 tons per hour in both directions. As regards the number of carriers and sheave mounts for trestles, rope, etc., required, these will be designed in the first instance for an hourly capacity of 5 tons in each direction, and all the main structures and heavy gearing will be designed for 10 tons per hour in each direction. It is estimated that after 5 years the ropes will require renewing. At that time the new rope and sheave mounts to be used will be designed for 10 tons per hour in each direction. The number of carriers may be increased according to the demands of the traffic.

Maximum nett loads = 5 cwts.

Spacing of loads = 270 yards for 10 tons per hour.

Speed of Ropeway = 180 yards per minute.

Occasional nett loads of 10 cwts. may be carried, provided double-carriers are used.

Power.—The ropeway will be driven from four different stations. The total B. H. P. of the engines will be 230.

4. *Length of Ropeway.*—In plan the horizontal length of the ropeway will be 29·8 miles from Tara-Devi to Narkanda (39th mile on Hindustan-Tibet Road).

5. *Estimated cost.*—Cost of ropeway material—

(*a*) Depreciation per annum—

		Rs.
C. I. F. Indian Port (Rs. 16 = £ 1) £ 75,575	...	12,09,200
Freight on material to site	...	1,78,200
Cost of erection	...	4,50,000
Contingencies	...	1,83,740
Buildings	...	2,50,000
Grand Total	...	22,71,140

6. *Estimated Returns on Capital*—

		Rs.
Rope 5 years—£ 4,545	...	72,720
Other Ropeway material—£ 1,884 ...	...	30,144
Buildings	...	9,000
Total	...	1,11,864

(*b*) Annual Running Expenses—

		Rs.
Labour and maintenance staff ...	...	69,120
Lubrication	...	2,200
Fuel	...	17,600
(*c*) Loss of interest at 4 per cent. on capital of Rs. 25 lakhs spread over 5 years.		20,000
Total annual expenditure	...	2,20,784

The present cost of transport by mules between Simla and Narkanda averages about 1 anna per maund per mile. To eliminate all competition, the ropeway transport charge should not exceed ½ anna per maund per mile. Working on this basis for revenue, the total earnings of the ropeway per annum should average 1/32 × 55/2 × 22,000 × 2,908 = Rs. 5,67,000 on the present estimate of traffic volume.

The nett profit = Rs. 5,67,000 – Rs. 2,20,184 = Rs. 3,46,816. This represents a return of 13·9 per cent. on a capital of Rs. 25 lakhs.

Goods despatched by Ropeway from Tara-Devi would be delivered in Narkanda within 6 hours of despatch as a cost of about 15 annas per maund.

As the volume of traffic increases the returns on the capital would increase almost in proportion.

APPENDIX III.

No. 786-W-9, dated 4th January 1923.

From—The Agent, North-Western Railway, Lahore,
To—The Secretary, Communications Board, Punjab.

I REGRET there has been some delay in replying to your letters Nos. 766 of 25th September 1922 and 89-C. B., dated 6th—7th November 1922, on the question of permitting wheeled traffic to pass along the berms of railway land in parts of the Sheikhupura and Lyallpur Districts.

2. I have recently travelled over these parts of the line and consider that there are certain difficulties and some danger to the public involved in the proposal. The main difficulty that is likely to arise if the proposals were agreed to would occur in the event of the railway finding it necessary to provide new works in any part of the sections of line in question; on a railway such additions are fairly frequent for instance, on one of these sections a new station is now to be made and would certainly interfere with the road traffic in many cases. A more serious thing, however, is in my opinion the danger involved for it seems to me very likely that accidents would result from carts, animals and human beings straying on to the permanent way; in very many places the formation is very little raised above ground level, and it is well known that cartmen frequently go to sleep on their carts and allow the draught animals to find their way.

3. It appears to me therefore that the only satisfactory way to meet the proposal would be for the railway administration to dispose of a strip of their land adjoining the existing boundary in places where it is found that this can be done without embarrasment and for the Civil authorities to acquire this strip. If the District Boards in question will state the width of land they require and give more definite information as to the railway station lengths between which they wish to provide a road I will have such lengths examined to see on what lengths the necessary width of land can be dispensed with. It would be necessary under the rules in force for the Railway to be credited with the present market value of such land.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Proceedings of a Meeting of the Board of Economic Inquiry (Rural Section) held in the Financial Commissioners' Room, Lahore, at 11 a.m., on Wednesday, 18th April 1923.

PRESENT:

C. M. KING, Esq., C.S.I., C.I.E., I.C.S.,—(*Chairman*).
ANAND NARAIN SEWAL, Esq , B A., LL.B.
D. REYNELL, Esq., I.E.S.
W. ROBERTS, Esq., Khánewál.
Rev. E. D. LUCAS, M.A., D.D , Ph. D.
C. A. H. TOWNSEND, Esq., I.C.S.
H. CALVERT, Esq., I.C.S.
H. W. EMERSON, Esq., I.C.S.
Professor W. H. MYLES, M.A.,—(*Secretary*).
(J. D. PENNY, Esq., Settlement Officer, Lyallpur, was present by invitation of the Chairman.)

Apologies for absence were intimated from Professor Stewart, Lyallpur, and Lala Shiv Dyal.

1. The minutes of the proceedings of the previous Meeting held on the 23rd February 1923 were taken as read.

2. **Professor Bhalla's Report on the Hoshiarpur District.**—The Secretary submitted a note pointing out that adequate provision had not yet been made for the distribution and sale of Professor Bhalla's Report on the Hoshiárpur District.

It was agreed that when a Publisher had been selected by the Board, the Secretary should try to come to terms with him for the sale of this Report.

It was also agreed to circulate this Report to Universities and learned Societies abroad, and to ask that the Board should be put upon their free list for reciprocal privileges. The attention of the Secretary was called to a list of bodies prepared to reciprocate in this way—the said list to be found in the Financial Commissioners' Office.

3. **Mr. Mool Raj's Inquiry in the Kangra District.**—

(*a*) Letter No. 725—37-3379, dated 12th March 1923, to Mr. Mool Raj, was read and noted.

(*b*) The Board's letter to Mr. Connolly and his answer regarding the selection of representative villages in the Dehra Tahsil were read and noted.

(*c*) The application of Mr. Mool Raj to have his travelling allowance commuted into a fixed allowance of Rs. 60 per month and the connected correspondence were considered.

The Board decided that under the special circumstances it would be prepared to pay one half of the cost of the investigator's servant, the actual upkeep of his horse, and any other incidental expenses directly connected with the Inquiry. It did not consider that a case had been made out for the commutation suggested.

(*d*) The Board granted an extension of eight months to the original period sanctioned for the Inquiry.

(*e*) The note submitted by the Chairman who had seen the investigator at work in the District was read and considered.

After considerable discussion, the Board came to the conclusion that the most satisfactory way of tackling the Inquiry would be to select neither a tika nor a tappa but a khud, and to examine fully the tikas embraced within this khud.

Mr. Calvert, who is shortly proceeding to the Kángra District, kindly agreed to see the investigator and assist him in the selection of the khud, in the revision of the questionnaire, and generally to supervise the Inquiry.

4. **Printing of combined Questionnaire.**—Letter No. 725-6-B., dated 22nd March 19-3, to the Superintendent, Government Printing Press, Punjab, requesting 100 copies of the Combined Questionnaire to be printed (*vide* Proceedings, 23rd February 1923, paragraph 5 (*b*)) was read and noted.

5. **Inquiry into Mortgages in the Ferozepore District.**—Mr. Calvert intimated that he had interviewed the three candidates for this Inquiry suggested by the Board (*vide* Proceedings, 23rd February 1923, paragraph 6). He had also read the Thesis presented by each of these candidates for the M. A. examination in Economics. He analysed the credentials of each, and was of opinion that none of them was well fitted for the Inquiry in question.

Most of the information required would have to be got from Jat Sikhs, and he put forward the name of Sirdar Balwant Singh, himself a Jat Sikh, and a man who had had some experience of co-operative work after taking his B. A. from Khalsa College.

The Board agreed to the acceptance of the candidate put forward by Mr. Calvert, and sanctioned his appointment on the usual terms. He is to be asked to submit his Report to the Board by the end of September 1923.

6. **Thesis on the supply of milk and ghee in the Punjab.**—Letters Nos. 725/13—3394 and 3388 relating to the printing of the Thesis of P. Shiva Datta on "The supply of milk and ghee in the Punjab" were read and noted.

7. **Printing and sale of the Board's Publications.**—The letters of the Board to the address of different presses in and out of Lahore (*vide* Proceedings, 23rd February 1923, paragraph 11) were noted. These letters had elicited only two replies, *viz.*, one from the Mercantile Press, Lahore, and one from Uttar Chand Kapur, Lahore.

The Board decided that before a final selection is made, the Secretary obtain estimates from Messrs. Thacker, Spink and Co., Calcutta, and the Oxford University Press, Bombay, and when these had been obtained the ultimate choice should be made by the Chairman.

8. **Stationery Estimates.**—Correspondence regarding Stationery Estimates was laid before the Board. The selection was left to the Secretary.

9. **Well Irrigation in its relation to modern conditions of Agriculture.**—The reply of the Board to Mr. Brayne on the subject of "Well Irrigation in its relation to modern conditions of Agriculture" was read and noted.

10. **The Economic value of Goats.**—Letters Nos. 725/42-3381, 3390, 3391, 3392, dealing with Mr. Brayne's note on "The Economic value of Goats" were read.

Mr. Townsend, Director of Agriculture, said that, though there was a certain amount of truth in what Mr. Brayne had said, he considered that his conclusion "that the goat was vermin and should be legislated out of existence" was perfectly absurd. In support of this view he submitted a note prepared by Mr. Quirke, Chief Veterinary Officer, which will be circulated separately to members.

The Secretary was requested to obtain the views on this subject of Mr. Brandford, Hissar Cattle Farm.

11. **Nomination of Mr. W. H. McKee, M.A.**—Regarding the nomination of Mr. W. H. McKee, M.A., as a member of the Board (*vide* Proceedings, 23rd February 1913, paragraph 17) the Chairman pointed out that certain revision in the constitution of the Board was under consideration, and he had therefore not proceeded with this nomination.

12. **Size and Distribution of Holdings in the Punjab.**—A letter from H. Calvert, Esquire, I.C.S., to the Secretary (Rural Section), suggesting an Inquiry into the Size and Distribution of Holdings in the Punjab through existing agencies was considered.

The Board agreed that an Inquiry along the lines suggested would be most valuable, and recommended that Government should give permission for it to be carried out through the agencies suggested.

13. **Internal Trade Report**.—Two letters, one from Mr Townsend and the other from Mr. Calvert, protesting against the abolition of the Report of the Statistics of the Internal Trade of the Province, were laid before the Board.

After considerable discussion, the following motion was carried unanimously:—That in view of the importance to administrators and economists of the statistics contained in the Internal Trade Report, this Board recommends to Government a re-consideration of the orders of Government discontinuing the publication of this Report.

14. **Clerical work of the Board**.—The Chairman pointed out the unsatisfactory nature of the present arrangements for the clerical work of the Board. These might at any time become worse as the Chairman was now appointed by name and not by office.

The Secretary was instructed to put forward suggestions for improvement at the next meeting.

Mr. K. G. MITCHELL,—*Secretary.*

I.—The Minutes of the last Meeting were read out and confirmed.

II.—The Secretary reported the action taken by the President of the Board under rule 4 (*f*) of the Rules of Business of the Board in submitting direct to Government the report of the Sub-Committee appointed at the last meeting to advise about the Nili Bar communications.

It was explained that, as regards railway communications in the Nili Bar, the original proposal was to have a central broad gauge backbone railway, or in the alternative a scheme of tramways. Both these proposals had been investigated by Mr. Mitchell and found wanting. The diversion of the Sutlej Valley Railway line, between Mailsi and Pakpattan, to an alignment roughly 10 miles north of the existing one, to be carried out before the railway is relaid on the old alignment, was therefore proposed. The cost of this which would under the circumstances have to be met by the Local Government was—

	Rs.	
Works	18	*lakhs.*
Interest payable to the shareholders of the line on account of delay in re-opening due to the diversion.	3	"
	21	"
or allowing for contingencies	23	"

This was the amount to which the sub-committee had recommended that the liability of the Local Government should be limited. There was also a matter, roughly calculated at Rs. 2 lakhs on account of interest due to prior borrowing, that is to say, that the money for this diversion will have to be found at an early date, whereas, had some entirely new proposal been made, expenditure on it might have been delayed for a couple of years. The matter had been referred to the Railway Board and the Legislative Council had approved of the necessary financial arrangement. It was not certain what the decision of the Railway Board would be. If the Railway Board approved, it will mean that, for a comparatively small expenditure of Rs. 23 lakhs, adequate facilities will be provided in the Nili Bar; whereas the central broad gauge backbone railway proposed was estimated to cost Rs. 75 lakhs, would in all probability never materialise, and would for many years remain an unprofitable investment. The action of the President was confirmed.

III.—*Considered letter No.* 126, *dated the* 6*th February* 1923, *from Commissioner, Lahore Division, on the subject of use by the public of the boundary road along the Nokhar Branch of the Upper Chenab Canal.*—It was pointed out that when this matter was last discussed by the Board, the Board decided that it could be best arranged by consultation between the District Boards concerned and the Irrigation Department; but that instead of this the Commissioner had referred back to the Board certain objections of the District Boards concerned to the proposed arrangement.

The President said that the issue was two-fold—

(1) on what terms the canal boundary road would be thrown open to public traffic; and

(2) by whom the details of these terms would be settled—the Communications Board, or the parties concerned.

Syed Muhammad Hussain explained that in making the suggestion originally he had two objects in view —(1) to provide better communications in an area where they were badly needed; and (2) to have a test case of what actually happened, and how the cost of maintenance was increased, when such a road was thrown open to the public.

After some further discussion it was decided that the matter could be most suitably discussed between the Commissioner, as representing the point of view of the District Boards concerned, and the Irrigation Department; the Communications Board being called in if necessary to arbitrate if a satisfactory arrangement could not be arrived at, or to make a definite recommendation to Government for any financial adjustment, or transfer of land, arising out of the decision arrived at by the parties.

IV.—*Considered the action of the President of the Board in giving revised administrative approval to the project for metalling the Rohtak-Kharkhauda Road at a cost of Rs. 95,803 and in making a grant of Rs. 5,500 to the work, in anticipation of the approval of the Board.*—The action of the President was confirmed, but it was decided to inform the District Board that this was the final grant which the Communications Board would make for this work, and that this Board would require an undertaking from the District Board that the work will be completed at a very early date.

V.—The Board then proceeded to consider the question of granting administrative approval to the projects of certain District Boards; and, during the discussion which arose, there appeared to be a general feeling that, in view of the inability of District Boards to maintain the roads which they already have, administrative approval to further projects should be generally withheld. The Secretary stated that as this question had come up he would like, before the Board proceeded to consider the question of administrative approval, to make a brief statement with respect to the road programme.

He had felt for some time, that the time had come to formulate a definite programme for the construction of new roads, and for the reclassification of existing roads; and he had written a note on the subject which he had sent to the Chief Engineer and which he proposed to bring up before the Board on a later occasion, but the salient features of the scheme might be mentioned. The financial position of the Provincial Government and of District Boards was such that it might be considered that the present was a most inopportune moment to propose any fresh expenditure, but he felt that the bottom of the financial depression had possibly been reached, and that in the not far distant future the Provincial Budget might be balanced, and the finances of the District Boards might be on their way to improvement, and he was therefore of opinion that it was advisable to have ready a definite scheme for the improvement of the road system of the Province. He had started with a small programme involving the construction in five years of a hundred miles of new metalled roads. These roads would be all Provincial trunks, and would consist mainly in filling gaps in the existing system of communications in the Province; for instance, the gap between Sheikhupura and Chuharkana would be filled up, and a road made to connect Sheikhupura or Sharakpur with Lyallpur, thereby connecting Lyallpur and its road system with the rest of the Province. He had, in drawing up the scheme, put forward certain alternative programmes working up approximately to 100 miles, at a total cost of 20 lakhs, spread over five years, and these might be considered.

To turn to the reclassification scheme, he thought that it was only fair to the Communications Board to state that, ever since its creation, it had been drawing attention to the inability of District Boards to maintain their roads; that before the Board came into existence the sums now handed over to it for distribution had been distributed by Government, and had very largely, he feared, been utilised in balancing District Boards' budgets and in road maintenance. When the Communications Board tried to rectify this state of affairs, and stated with an increasing emphasis year after year that these grants should not be applied to maintenance, there was a general outcry that District Boards would no longer be able to maintain their roads, showing that these grants had in the past been misapplied. Since the Board came into existence it had gradually been offering resistance to the misapplication of these grants, and had continuously been drawing attention to the state of District Board finances and this was at least a contributory cause of the thorough examination of the question now in hand. Last summer a committee sat at Simla and decided that the first step was to institute a thorough investigation into the financial position of each District Board in the Province; a statement was made out for compilation showing the normal revenue of each District Board and its normal expenditure on maintenance of all services. Before this committee he had stated that he anticipated that the aggregate deficit of all District Boards in road maintenance amounted to about twenty lakhs. He had since been collecting statements from District Boards as to the cost of their road maintenance

but as these were not all calculated on the same data, and as the District Boards were peculiarly unable to estimate the cost of maintenance of roads, having had in recent years very little experience of this, he had recalculated the maintenance liabilities of each District Board with respect to its roads, having regard to its distance from quarries, average road lead, and so forth. The figures at which he arrived could not be considered as perfect, but they had the merit of being a more accurate approximation than anything which had yet been attempted. These figures he was now going to send to the Local Self-Government Department for incorporation in the general statement. He had been inclined to think that the deficit with respect to roads would be found to represent practically the total deficit of the Boards, in that other services could not be starved in the manner in which it is possible to starve roads. He understood, however, that the aggregate deficit of all District Boards would possibly be found to be a far larger sum than that on the maintenance of roads alone. When this deficit was determined for each Board it would have to be made up in some manner, if District Boards were to be enabled to maintain their services efficiently, and he supposed that the Local Self-Government Department would suggest an increase of consolidated grants, with or without requiring District Boards to increase their local taxation, to cover these deficits.

At this stage of the proceedings he wished the Communications Board to come forward with the reclassification scheme. The scheme he had in view contemplated dividing of the roads of the Province into three classes—

Class I	...	...	Trunk Roads.
Class II	...	...	Main Roads.
Class III	...	...	Other Roads.

These would be classified with reference to their importance for through or inter-district traffic, and the classification would be independent of whether the road happened to be metalled or unmetalled. The cost of construction, improvement, and maintenance in the case of Class I roads would be borne entirely by the Provincial revenues. The cost of Class II roads would be borne between Provincial revenues and the District Board revenues in some proportion depending on the wealth of each district, and other considerations, to be fixed on enquiry in each case. The cost of Class III roads would be borne entirely by District Boards. This reclassification scheme would, by definitely transferring some of the liability of maintenance from District Boards to Provincial revenues, reduce by an equivalent sum the deficit of each District, and therefore the extra amount of consolidated grant which Government would have to give, and the classification should therefore be taken up at the present time, before these consolidated grants are revised. One merit of the scheme would be that, having classified the roads, contributions from the Provincial Government will be determined by results; that is to say that, in the case of Class I roads, if maintenance were done by District Boards, provided that some suitable authority reported that the roads had been suitably maintained, the District Board would receive from Government the total approved expenditure on these roads. Similarly the proportion determined for Class II roads. This was the system in England, and had the merit of assuring, in a very simple manner, that the money provided for road maintenance was utilised for this purpose.

After hearing this programme the Board decided—

(a) to appoint a sub-committee consisting of Rai Bahadur Sir Ganga Ram, Mr. Stainton and Mr. Mitchell, to examine and report on the road programme, and classification scheme; and

(b) to call a halt in the construction of new roads (with the possible exception of roads in colony districts, with respect to which the Board reserved its decision) until a definite programme could be drawn up. This involved refusal of administrative approval to the majority of the projects which had come up before the Board for consideration.

VI.—*Considered projects of certain District Boards submitted for the administrative approval of the Communications Board.*—The first project was from the Rohtak District for metalling 2 miles of 12-foot kankar road, the thickness of the wearing coat being 4½" and 6" respectively. The cost was estimated at Rs. 9,078.

Mr. Mitchell stated that the Rohtak District Board had a very considerable mileage of metalled roads and was finding the burden of maintenance extremely hard to bear, but that it was maintaining its roads in a better condition than those of many Districts. He had been considering whether any improved type of road crust could be introduced in the Rohtak District which would reduce the cost of maintenance; but after considering the possibility of using various stones, tar painted and otherwise, instead of the kankar now universally used, he had come to the conclusion that, with the cheap and good supply of kankar available in the district, no imported material could at present compete, and that improvements lay in the direction of improved methods of using kankar. He had therefore suggested that the District Board might try comparisons of 2 miles of 12-foot road side by side consolidated with a light steam roller, one being 4½" thick and the other 6." The work was really one of renewal, and as such hardly required the administrative approval of the Board; but, in so much as it was a new departure, the District Board had asked for administrative approval, and the Communications Board might pronounce an opinion.

Sir Ganga Ram did not agree that there would be any corresponding advantage in increasing the thickness from 4½" to 6"; and mentioned certain experiments in Bengal which he said established 4½" as the most suitable thickness for kankar.

The Board eventually decided that, before according administrative approval to this proposal, it would require further information; and instructed the Secretary to obtain reports of the Bengal experiments mentioned by Sir Ganga Ram.

The Board then considered an application for administrative approval from the District Board of Jhang for metalling the first 7½ miles of the Shorkot feeder road. This road runs from Shorkot Road station to Shorkot, and the Board had previously given Rs. 30,000 towards the project. The District Board had metalled 3½ miles at the Shorkot end. The total length is 11 miles and the project submitted for administrative approval was for the remaining 7½ miles, at a cost of Rs. 94,783.

After some discussion the Board decided to withhold administrative approval, and to ask in the meantime for the District Board to give a certificate to the effect that it will be able to maintain the road when constructed.

An estimate for metalling 11½ miles of the road from Dijkote to Samundri, at a cost of approximately Rs. 1½ lakhs, was postponed in conformity with the general policy of discouraging new construction.

The Board then considered an application from the District Board of Amritsar, for administrative approval to the substitution of stone for kankar in 3½ miles of the Amritsar-Pathánkot Road, at a cost of Rs. 28,000.

The Secretary stated that, in so far as this was renewal, it did not require the administrative approval of the Board, but that a distinction might be drawn between renewal with the same material, and renewal with fresh material, and the latter might be considered as an original work, in which case the approval of the Board would be necessary. The Board decided that as the object of this work was to reduce the cost of maintenance by using more durable material, administrative approval might be accorded.

The Board then considered certain applications for administrative approval for the metalling of colony roads in the Multán and Montgomery Districts; and, after the Secretary had explained in detail the objects and costs of the various proposals of the Montgomery District Board, it was decided that, before giving administrative approval, a reference should be made to the District Boards of Montgomery and Multán, through the Commissioner, asking whether they contemplated being able to maintain the roads when constructed.

VII.—*Considered the proposal to make the Hoshiarpur-Kangra Road fit for motor traffic.*—This was referred to the road programme and reclassfication sub-committee.

VIII.—*Considered the resolution of the District Board of Rohtak stating that, if Government is not prepared to give half of the maintenance charges for the Bahadurgarh-Rohtak-Mehm Road, it will have to give up this road.*—Resolved that the matter be referred to the road programme and the reclassification sub-committee already appointed.

IX.—The Board proceeded to appoint a sub-committee to distribute grants-in-aid for the current financial year, under the heads "Colony Roads," and "Bridges and Metalled Roads."

The following committee was appointed :—

Rai Bahadur Sir Ganga Ram.

Mr. Tollinton.

Mr. Stainton.

Syed Muhammad Hussain.

Mr. Mitchell.

In this connection Sir Ganga Ram enquired why the District Board of Sheikhúpura had not completed the metalling of the Sheikhúpura-Chuharkána Road, when a grant of Rs. 27,000 was given to it two years ago. The Secretary explained that he had had a detailed estimate prepared for the cost of metalling this road, which was 8½ miles long, and which amounted to Rs. one lakh, that the money given to the District Board had been largely expended on the collection of metal, and that he proposed to ask the 'grant' Sub-Committee during the current financial year to provide the balance in order that this road might be completed.

X.—*Considered the Shahdara-Badomali Tramway Project.*—The Secretary stated that he had received this project from the Agricultural Tramway Engineer just before that officer's services were dispensed with, and had now been through it, and made what appeared to him to be certain necessary modifications. It would now be necessary to appoint a sub-committee of the Board to examine the project thoroughly. A sub-committee consisting of Mr. Tollinton, Rai Bahadur Sir Ganga Ram, the Director of Industries, and an officer to be nominated by the Agent, North-Western Railway, with Mr. Mitchell as Secretary, was appointed. It was also decided that the sub-committee should co-opt Messrs. Murray, Boyd and Barry and Chaudhri Muhammad Amin, M.L.C., and others if necessary.

XI.—The Board adjourned to some date in June to be fixed later.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits ; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits ; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. After hearing the Secretary, Amritsar Municipality, and the Municipal Engineer the Board understands that the financial position at present is as follows.—

Up to date the amount expended by the Municipal Committee on the scheme is Rs. 1,95,641 in addition to which there are outstanding liabilities for Rs. 33,000 round. On this it appears to the Board that when the outstanding liabilities have been met the Amritsar Municipal Committee will have completed the conditions of the Board, namely, that it should spend its share

(2) That the present position of the Drainage Scheme be reported on by the Sanitary Engineer and the question of a grant-in-aid be considered at the next meeting.

The Board, however, is prepared to forward the scheme to Government for administrative approval, when submitted through the proper channels, if the Municipal Committee so desire.

The proceedings of the last meeting, held on 26th April, 1923, were read and confirmed.

1. Read endorsement by the Secretary to Government, Punjab, Transferred Departments, No. 14654-L.S.G., dated 2nd May, 1923, forwarding copy of his Memorandum to the Commissioner, Lahore Division, stating that administrative approval has already been accorded to the scheme of erection of a new pumping plant at Badami Bagh, Lahore, as part of the larger scheme. With regard to the grant of technical sanction, it appears that the work was started in anticipation of such sanction and has now been completed. The Government (Ministry of Education) accordingly see no apparent necessity for the grant of technical sanction as a formal measure.

Further requests that the liability of the Municipal Commissioners under section 50 of the Punjab Municipal Act, 1911, for possible waste of misappropriation of Municipal funds, due to omissions to conform with the essential rules may be brought to the notice of Municipal Committee, Lahore.

Recorded.

2. Read endorsement by the Sanitary Engineer to Government, Punjab No. 888, dated 17th May, 1923, forwarding copy of a letter from the Executive Sanitary Engineer, No. 1, Sanitary Provincial Division, to his address stating that the Bhalwal Trial Boring was carried out to a depth of 200 feet through sand without any change of stratum. Recorded.

8. Read memorandum from the Secretary to Government, Punjab, Transferred Departments, No. 14648-L-S. G./C., dated 2nd May, 1923, according administrative approval to the project of the Ludhiána Municipal Committee, for the construction of the drainage scheme at an estimated cost of Rs. 3,03,377.

Recorded.

9. **Construction of the Drainage Scheme of the Ludhiana Municipal Committee.**—Read memorandum from the Secretary to Government, Punjab, Transferred Departments, No. 14648-L. S.G./C., dated 2nd May, 1923, according administrative approval to the above scheme at an estimated cost of Rs. 3,03,377.

Resolved that in accordance with Resolution No. 15 of 26th June, 1922 the Board agrees to give a total grant-in-aid not exceeding half the cost. In accordance with the advice of the Sanitary Engineer, it was further resolved that a provisional allotment of Rs. 50,000 be made during the current year, the money to be given when its necessity is intimated by the Sanitary Engineer.

10. **Providing an additional Storage Reservoir for Murree Water Supply.**—Read endorsement by the Commissioner, Ráwalpindi Division, No. 542-Misc., dated 4th May, 1923, forwarding an application for a further grant-in-aid of Rs. 8,510 for the above scheme.

Resolved that the grant-in-aid of Rs. 8,510 be sanctioned.

11. **Multan Water Supply Scheme.**—Read endorsement by the Commissioner, Multán Division, No. H-95-10-27, dated 16th April, 1923, forwarding revised estimates of the above scheme, amounting to Rs. 12,57,637 for the approval of the Board and administrative approval of Government.

Resolved that the scheme be approved and forwarded to Government for revised administrative approval.

12. **Dera Ghazi Khan Water Supply Extension Scheme.**—Read letter from the Commissioner, Multan Division, No. Misc.-14-19, dated 12th May, 1923, forwarding estimate of the following works :—

(1) A new pumping set at a cost of Rs. 22,149 for Dera Ghazi Khan Water Supply Scheme.

(2) Providing well No. 3, with Cook's patent brass strainer in Dera Ghazi Khan Water Supply at a cost of Rs. 3,627.

(3) Correspondence relating to special repairs to Robey Oil Engine at the headworks of Municipal Water Supply at Dera Ghazi Khan at a cost of Rs. 4,665, with—

(*a*) application for administrative approval to scheme (1);

(*b*) application for grant-in-aid of Rs. 30,441 the total cost of the three schemes;

and endorsement by the Commissioner, Multan Division, No. 2325, dated 10th May, 1923.

Resolved that administrative approval be accorded at a cost of Rs. 22,149 to the scheme relating to the new pumping set at Dera Ghazi Khan.

Further resolved that a grant-in-aid of Rs. 30,441 (the total cost of the three schemes) be sanctioned.

13. **Trial Boring at Karnal.**—Read letter from the Commissioner, Ambala Division, No. 1425-S.—64-L.-F., dated 19th May, 1923, forwarding project relating to the above scheme at an estimated cost of Rs. 2,288 with an application for a grant-in-aid of the total cost, *viz.*, Rs. 2,288.

Resolved that a grant-in aid of Rs. 2,288 be sanctioned.

14. **Construction of a Well in a Mosque on the way to Bhimber.**—Read letter from the Deputy Commissioner, Gujrat, No. 1557, dated 2nd May, 1923, recommending that a grant in-aid of Rs. 500 be given to Rahmat Ali to construct a well in the Mosque for public utility.

Resolved that the Sanitary Board does not give grants-in-aid for wells for religious institutions and would ordinarily have rejected the application. If, however, no well exists in this village, which is stated to be on the road to Bhimber, the Board is prepared to consider the advisability of giving a grant towards the construction of a well for public utility.

15. **Extension of Murree Water Supply Scheme.**—Read letter from the Commissioner, Rawalpindi Division, No. 543-Misc., dated 4th May, 1923, forwarding the project relating to the extension of Murree Water Supply Scheme at a cost of Rs. 1,63,696 for administrative approval and technical sanction.

By arrangement between the Local and Imperial Governments, the Murree Water Supply is a Military Works Project. Therefore the Board *resolved* that administrative approval and technical sanction on its part are not required.

16. **Sinking of an additional well at the Head Works of the Rewari Water Supply.**—Read letter from the Deputy Commissioner, Gurgaon, No. 534, dated 3rd May, 1923, forwarding for the administrative approval of the Board, the project relating to the above scheme at an estimated cost of Rs. 27,035, also endorsement by the Commissioner, Ambala Division, No. 1275-L. F.—W-29, dated 23rd/28th May, 1923, recommending the application for grant-in-aid of Rs. 27,035 being the total cost of the scheme.

Resolved—

(1) that administrative approval be given to the project;

(2) from the figures before it, it appears to the Board that up to date the Rewari Water Supply Project has cost Rs. 4,42,335. In addition the Board has before it the following schemes with an application for a grant-in-aid of the total cost in each case.

(1) An extra well at a cost of Rs. 27,035.

(2) Repairs to the approach road to the works at a cost of Rs. 5,407.

The addition of these items to the amount already spent will bring the total cost of the water supply up to Rs. 4,74,777. The Board's share of this cost on the principle of a grant-in-aid equal to 50 per cent. comes to Rs. 2,37,388, whereas grants-in-aid contributed by the Board already total Rs. 2,62,300. It is apparent, therefore, that the Board has already contributed roughly Rs. 24,000 in excess of half the cost of the scheme. In the circumstances the Board is not prepared to make any further grant-in-aid and would suggest to the Municipal Committee that the present scheme may be financed from the balance shown when submitting the application for a grant-in-aid for the Drainage Scheme considered at the last meeting.

17. **Sialkot Drainage Scheme.**—Read letter from the Sanitary Engineer to Government, Punjab, No. 1059, dated the 29th May, 1923, forwarding his note on the above scheme as called for by the Board in its resolution No. 20, dated 26th April 1923.

Resolved—

(1) The scheme was administratively sanctioned on the rough project for Rs. 3,44,100 on the 1st August, 1919, but up to date technical sanction has not yet been accorded to the fair project. Nevertheless from the Sanitary Engineer's note it appears that the Municipal Committee have already carried out work on the scheme to the extent of Rs. 1,92,218. The Municipal Committee should be called upon to explain the irregularity and their attention drawn to the provision of section 50 of the Punjab Municipal Act, 1911.

(2) From the Sanitary Engineer's note, it appears that the total cost of the scheme including work already carried out will be Rs. 4,73,817 towards which the Sanitary Engineer recommends that a grant-in-aid of Rs. 1,91,599 be given by the Board.

Resolved—

(1) That the scheme be forwarded to Government for revised administrative approval at a cost of Rs. 5,07,561.

(2) That the grant-in-aid as recommended by the Sanitary Engineer be sanctioned and that the money be paid according to requirements as indicated by the Sanitary Engineer. For the current financial year, a provisional allotment of Rs. 50,000 should be made.

18. **Trial Boring at Rohtak.**—Read endorsement by the Sanitary Engineer to Government, Punjab, No. 1049, dated 28th May 1923, forwarding copy of Executive Engineer, Gurgaon's letter recommending that a further grant-in-aid of Rs. 333 asked for in connection with the above scheme may be sanctioned to close the accounts.

Resolved that a further grant-in-aid of Rs. 332 be sanctioned.

19. **Trial Boring at Rohtak.**—Read endorsement by the Commissioner Ambala Division, No. 780, dated 12th March, 1923, forwarding an application for a grant-in-aid of Rs. 2,993 in connection with the above scheme.

Resolved that a grant-in-aid of Rs. 2,993 be sanctioned.

21. **Experimental Sewage Farm at Lyallpur.**—Read letter from the Agricultural Chemist, Lyallpur, requesting for a further grant-in-aid of Rs. 1,400 for repairs and running expenses of the above scheme.

In connection with this application, the Board considered a note by the Sanitary Engineer from which it appears that the sum considered necessary for repairs and running expenses and liabilities is Rs. 930.

Resolved that the grant-in-aid of Rs. 930 be placed at the disposal of the Agricultural Chemist, with a statement as to how the charges have been allocated. Further resolved that the Director of Public Health be requested to discuss the matter with the Director of Agriculture with a view to having the experimental installation taken over by the Agricultural Department.

21. **Rural Water Supplies.**—Resolved that the Secretary should communicate with the District Boards and Health Officers of the following District—

Hissar, Jhelum, Gurgaon, Hoshiárpur, Karnál, Dera Ghází Khan, and Rohtak

for the purpose of ascertaining if the local authorities are prepared to put up definite schemes for the improvement of the rural water supplies within their areas towards which the Board can contribute.

29. The date of the next meeting was fixed for Saturday, the 4th August, 1923, at 10-30 A.M., in the Committee Room of the Council Chamber, Punjab Civil Secretariat, Lahore.

The draft rule will be taken into consideration on or after 1st August 1923 together with any objections or suggestions which may be received before that date:—

Rule.

A. (*a*) The following shall be the scale of consolidated copying fees including the former record office fees:—

	English or Roman Urdu.	*Vernacular.*
First 200 words or under	12 annas.	6 annas.
Every additional 100 words or fraction thereof	6 "	3 "

These rates include the cost of paper which will be supplied by Government.

(*b*) For field maps, boundry maps and tabular work a special fee shall be fixed by the Officer-in-charge, but this fee should always be a multiple of 2 annas.

(c) Applicants for "urgent" copies, that is, copies to take precedence of other copying work, shall pay a uniform extra charge of one rupee or of such other amount as the Financial Commissioner may direct.

NOTE.—For the purpose of the above rule the extra fee to be charged shall be for each paper which can properly be regarded as a separate paper, e.g., every deposition of a witness or written statement of a party or order of a court is a separate paper. (d) A searching fee of 1 rupee may be imposed under the orders of the Officer-in-charge of the record room in cases in which an unreasonable amount of trouble has been caused in finding the original record.

(e) An agency fee of annas 2 will be charged when copies are delivered personally after a period of 3 days has expired from the date on which the copy was prepared.

B. In the case of copies supplied through the value payable post—

(a) Ordinary, special, urgent and search fees as above prescribed.

(b) *Agency fees.*—Two annas per application.

(c) *Court-fees and Stamp fees.*—The amount actually spent on applicant's behalf on the application and on the copy supplied

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits ; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

The proceedings of the last meeting held on 26th April 1923 were read and confirmed.

1. Read endorsement by the Secretary to Government, Punjab, Transferred Departments, No. 14654-L.S.G., dated 2nd May 1923, forwarding copy of his Memorandum to the Commissioner, Lahore Division, stating that administrative approval has already been accorded to the scheme of erection of a new pumping plant at Badami Bagh, Lahore, as part of the larger scheme. With regard to the grant of technical sanction, it appears that the work was started in anticipation of such sanction and has now been completed. The Government (Ministry of Education) accordingly see no apparent necessity for the grant of technical sanction as a formal measure.

Further requests that the liability of the Municipal Commissioners under section 50 of the Punjab Municipal Act, 1911, for possible waste of misappropriation of Municipal Funds, due to omissions to conform with the essential rules may be brought to the notice of the Municipal Committee, Lahore.

Recorded.

2. Read endorsement by the Sanitary Engineer to Government, Punjab, No. 888, dated 17th May 1923, forwarding copy of a letter from the Executive Sanitary Engineer, No. 1, Sanitary Provincial Division, to his address, stating that the Bhalwal Trial Boring was carried out to a depth of 200 feet through sand without any change of stratum. Recorded.

8. Read memorandum from the Secretary to Government, Punjab, Transferred Departments, No. 14648-L. S. G./C., dated 2nd May 1923, according administrative approval to the project of the Ludhiána Municipal Committee, for the construction of the drainage scheme at an estimated cost of Rs. 3,03,377.

Recorded.

9. **Construction of the Drainage Scheme of the Ludhiana Municipal Committee.**—Read memorandum from the Secretaary to Government, Punjab, Transferred Departments, No. 14648-L. S. G./C., dated 2nd May 1923, according administrative approval to the above scheme at an estimated cost of Rs. 3,03,377.

Resolved that in accordance with Resolution No. 15 of 26th June 1922, the Board agrees to give a total grant-in-aid not exceeding half the cost. In accordance with the advice of the Sanitary Engineer, it was further resolved that a provisional allotment of Rs. 50,000 be made during the current year, the money to be given when its necessity is intimated by the Sanitary Engineer.

10. **Providing an additional Storage Reservoir for Murree Water Supply.**—Read endorsement by the Commissioner, Ráwalpindi Division, No. 542-Misc., dated 4th May 1923, forwarding an application for a further grant-in-aid of Rs. 8,510 for the above scheme.

Resolved that the grant-in-aid of Rs. 8,510 be sanctioned.

11. **Multan Water Supply Scheme.**—Read endorsement by the Commissioner, Multán Division, No. H-95-10-27, dated 16th April 1923, forwarding revised estimates of the above scheme, amounting to Rs. 12,57,637 for the approval of the Board and administrative approval of Government.

Resolved that the scheme be approved and forwarded to Government for revised administrative approval.

12. **Dera Ghazi Khan Water Supply Extension Scheme.**—Read letter from the Commissioner, Multán Division, No. Misc.-14-19, dated 12th May 19 23, forwarding estimates of the following works :—

(1) A new pumping set at a cost of Rs. 22,149 for Dera Gházi Khan Water Supply Scheme.

(2) Providing well No. 3, with Cook's patent brass strainer in Dera Gházi Khan Water Supply at a cost of Rs. 3,627.

(3) Correspondence relating to special repairs to Robey Oil Engine at the head works of Municipal Water Supply at Dera Gházi Khan at a cost of Rs. 4,665, with—

(a) application for administrative approval to scheme (1);
(b) application for grant-in-aid of Rs. 30,441, the total cost of the three schemes;

and endorsement by the Commissioner, Multán Division, No. 2325, dated 10th May 1923.

Resolved that administrative approval be accorded at a cost of Rs. 22,149 to the scheme relating to the new pumping set at Dera Gházi Khan.

Further resolved that a grant-in-aid of Rs. 30,441 (the total cost of the three schemes) be sanctioned.

13. **Trial Boring at Karnal.**—Read letter from the Commissioner, Ambála Division, No. 1425-S.—64-L.-F., dated 19th May 1923, forwarding project relating to the above scheme at an estimated cost of Rs. 2,288, with an application for a grant-in-aid of the total cost, *viz.*, Rs. 2,288.

Resolved that a grant-in-aid of Rs. 2,288 be sanctioned.

14. **Construction of a Well in a Mosque on the way to Bhimber.**—Read letter from the Deputy Commissioner, Gujrát, No. 1537, dated 2nd May 1923, recommending that a grant-in-aid of Rs. 500 be given to Rahmat Ali to construct a well in the Mosque for public utility.

Resolved that the Sanitary Board does not give grants-in-aid for wells for religious institutions and would ordinarily have rejected the application. If, however, no well exists in this village, which is stated to be on the road to Bhimber, the Board is prepared to consider the advisability of giving a grant towards the construction of a well for public utility.

15. **Extension of Murree Water Supply Scheme.**—Read letter from the Commissioner, Ráwalpindi Division, No. 543-Misc., dated 4th May 1923, forwarding the project relating to the extension of Murree Water Supply Scheme at a cost of Rs. 1,63,696 for administrative approval and technical sanction.

By arrangement between the Local and Imperial Governments, the Murree Water Supply is a Military Works Project. Therefore the Board *resolved* that administrative approval and technical sanction on its part are not required.

16. **Sinking of an additional well at the Head Works of the Rewari Water Supply.**—Read letter from the Deputy Commissioner, Gurgaon, No. 534, dated 3rd May 1923, forwarding for the administrative approval of the Board, the project relating to the above scheme at an estimated cost of Rs. 27,035, also endorsement by the Commissioner, Ambála Division, No. 1275-L. F. W-29, dated 23rd-28th May 1923, recommending the application for grant-in-aid of Rs. 27,035 being the total cost of the scheme.

Resolved—

(1) that administrative approval be given to the project;

(2) from the figures before it, it appears to the Board that up to date the Rewári Water Supply Project has cost Rs. 4,42,335. In addition the Board has before it the following schemes with an application for a grant-in-aid of the total cost in each case.

(1) An extra well at a cost of Rs. 27,035.

(2) Repairs to the approach road to the works at a cost of Rs. 5,407.

The addition of these items to the amount already spent will bring the total cost of the water supply up to Rs. 4,74,777. The Board's share of this cost on the principle of a grant-in-aid equal to 50 per cent. comes to Rs. 2,37,388, whereas grants-in-aid contributed by the Board already total Rs. 2,62,300. It is apparent, therefore, that the Board has already contributed

roughly Rs. 24,000 in excess of half the cost of the scheme. In the circumstances the Board is not prepared to make any further grant-in-aid and would suggest to the Municipal Committee that the present scheme may be financed from the balance shown when submitting the application for a grant-in-aid for the Drainage Scheme considered at the last meeting.

17. **Sialkot Drainage Scheme**.—Read letter from the Sanitary Engineer to Government, Punjab, No. 1059, dated the 29th May 1923, forwarding his note on the above scheme as called for by the Board in its resolution No. 20, dated 26th April 1923.

Resolved—

(1) The scheme was administratively sanctioned on the rough project for Rs. 3,44,100 on the 1st August 1919, but up to date technical sanction has not yet been accorded to the fair project. Nevertheless from the Sanitary Engineer's note it appears that the Municipal Committee have already carried out work on the scheme to the extent of Rs. 1,92,218. The Municipal Committee should be called upon to explain the irregularity and their attention drawn to the provision of section 50 of the Punjab Municipal Act, 1911.

(2) From the Sanitary Engineer's note, it appears that the total cost of the scheme including work already carried out will be Rs. 4,73,817 towards which the Sanitary Engineer recommends that a grant-in-aid of Rs. 1,91,599 be given by the Board.

Resolved—

(1) That the scheme be forwarded to Government for revised administrative approval at a cost of Rs. 5,07,561.

(2) That the grant-in-aid as recommended by the Sanitary Engineer be sanctioned and that the money be paid according to requirements as indicated by the Sanitary Engineer. For the current financial year, a provisional allotment of Rs. 50,000 should be made.

18. **Trial Boring at Rohtak.**—Read endorsement by the Sanitary Engineer to Government, Punjab, No. 1049, dated 28th May 1923, forwarding copy of Executive Engineer Gurgaon's letter recommending that a further grant-in-aid of Rs. 333 asked for in connection with the above scheme may be sanctioned to close the accounts.

Resolved that a further grant-in-aid of Rs. 333 be sanctioned.

19. **Trial Boring at Rohtak.**—Read endorsement by the Commissioner, Ambála Division, No. 780, dated 12th March 1923, forwarding an application for a grant-in-aid of Rs. 2,993 in connection with the above scheme.

Resolved that a grant-in-aid of Rs. 2,993 be sanctioned.

20. **Experimental Sewage Farm at Lyallpur.**—Read letter from the Agricultural Chemist, Lyallpur, requesting for a further grant-in-aid of Rs. 1,400 for repairs and running expenses of the above scheme.

In connection with this application, the Board considered a note by the Sanitary Engineer from which it appears that the sum considered necessary for repairs and running expenses and liabilities is Rs. 930.

Resolved that the grant-in-aid of Rs. 930 be placed at the disposal of the Agricultural Chemist, with a statement as to how the charges have been allocated. Further resolved that the Director of Public Health be requested to discuss the matter with the Director of Agriculture with a view to having the experimental installation taken over by the Agricultural Department.

21. **Rural Water Supplies.**—Resolved that the Secretary should communicate with the District Boards and Health Officers of the following Districts—

Hissar, Jhelum, Gurgaon, Hoshiárpur, Karnál, Dera Gházi Khan, and Rohtak

for the purpose of ascertaining if the local authorities are prepared to put up definite schemes for the improvement of rural water supplies within their areas towards which the Board can contribute.

22. The date of the next meeting was fixed for Saturday, the 4th August 1923, at 10-30 A.M., in the Committee Room of the Council Chamber, Punjab Civil Secretariat, Lahore.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

COMMUNICATIONS BOARD, PUNJAB.

Minutes of the Fourth/23 Meeting of the Communications Board, Punjab, held at Ellerslie, Simla, on Thursday, the 27th of September 1923, at 11 a.m.

PRESENT :

Mr. H. P. TOLLINTON, C.I.E., I.C.S., Financial Commissioner (Development), Punjab.

Mr. W. P. SANGSTER, C.I.E., Chief Engineer, Punjab, Irrigation Branch.

Mr. E. R. FOY, Chief Engineer (Construction), Sutlej Valley Irrigation Project.

Mr. A. J. GIBSON, Chief Conservator of Forests, Punjab.

Rai Bahadur Sir GANGA RAM, C.I.E., M.V.O.

Syed MUHAMMAD HUSSAIN, M.L.C., of Shergarh, District Montgomery.

Rai Bahadur BENARSI DASS, Banker and Mill Owner, Ambála.

Mr. K. G. MITCHELL, *Secretary*.

I.—The Minutes of the last meeting were confirmed.

II.—*Considered the proposed standardized road signs.*—The Board did not consider that there is any demand for a general extension of road signs in the Province at present, nor did it feel that the replacement of existing signs where they differ from the standard signs now proposed is in any way urgent. It felt, however, that where signs are replaced, or new signs have to be provided, this might be done according to the new standards.

III.—The Budget for the year 1924-25 as reproduced in Appendix I was passed for submission to the Finance Department. In discussing the provision for experiments the Board drew the attention of the Road Engineer to the possibilities of using pitch as well as bitumen and also to the available supplies of gypsum in the Province which might possibly serve as a binding material for hard stones.

IV.—The Secretary sketched the progress made to date with the road programme and re-classification scheme, and stated that it would probably be necessary to have a special meeting of the Board in October to consider this.

Noted.

V.—*Appointed a sub-committee to approve the proposed Punjab Tramways Bill.*—A sub-committee consisting of the President, Sir Ganga Ram, Syed Mohammad Hussain, with Messrs. Stainton, Scott and Hadow, and with Mr. Mitchell as Secretary, was appointed.

VI.—*Considered letter from the Railway Board stating that it has not yet entirely abandoned the Shahdara-Narowal Railway project, but that it is at the same time considering the desirability of an alignment from Narowal to Batala instead of Narowal to Amritsar.*—The Board, after some discussion, decided to record the fact that it can see no advantage in the Narowal-Batala alignment over the Narowal-Amritsar alignment. It further decided that the Railway Board should be asked to come to an early decision in the matter, in order that the country irrigated by the Raya Branch Canal, which is at present extremely badly served with communications, might be opened up either by means of a railway or by a tramway.

VII.—*Considered whether the Board should accord administrative approval to the project of improving and raising the Jalalpur-Shujabad (unmetalled) road in the Multan District at a cost of Rs.* 19,580 *for* 14 *miles, or Rs.* 1,400 *per mile.*—The Board decided to advise in favour of administrative approval, but remarked that the desirability of having proper bridges instead of Irish bridges be pressed upon the District Board concerned.

VIII.—*Considered the report of interview between representatives of Punjab Government and the Railway Board on the subject of tramway projects.*—The Board noted the fact that, broadly speaking, before any tramway scheme can be launched the Railway Board proposes to investigate the possibilities of an alternative railway, and wished to suggest to the Railway Board through the Local Government that, unless the standard specification of broad-gauge railways can be radically modified, so as to allow of the construction of cheap development railways, the investigation proposed by the Railway Board will in the majority of cases be unproductive. It also decided to impress upon the Local Government that the Railway Board should be urged to come to an early decision in these cases, as otherwise the development of communications in the Province will be held up indefinitely. Finally the Board decided that, before making any further investigations as to the possibilities of a tramway project, the Railway Board should be informed that the Punjab Government wished to investigate the possibilities of a tramway between Gojra and Jhang, but that it first required to be satisfied that the Railway Board will not oppose the proposal.

IX.—The action taken by the Grants Sub-Committee in carrying out the instructions of the Board at its last meeting was described by the Secretary, and approved.

X.—*Considered what action can be taken to check the avoidable damage caused to roads by bullock carts.*—After some discussion the question was postponed for further consideration.

XI.—*Considered letter No.* 1115 *of 5th September* 1923, *from the Deputy Commissioner, Gurgaon, on the subject of constructing a light railway between Alwar and Delhi* viâ *Ramgarh, Firozpur-Jhirka, Malab, Nuh, Sohna and Mahrauli.*—Noted for investigation later when the Board has launched some of the many schemes which it has already prepared.

XII.—*Considered Report of the Sub-Committee of the Communications Board on the Simla-Narkanda Ropeway Project.*—It was felt that negotiations with possible promoters could not be opened until the necessary legislation has been passed, and that as the necessary Bill cannot be laid before the Provincial Legislature during the term of the present Council, consideration should be delayed until the next Council has passed the necessary Act.

XIII.—*Considered Road Engineer's proposal to lay an experimental length of* 2,000 *r.ft. of trackways.*—During the discussion Mr. Gibson raised the question as to whether it will be possible to use creosoted spruce for trackways and it was decided to postpone the question for further consideration; the Road Engineer in the meantime to revise his proposals. While the general idea of trying trackways was approved the question of the most suitable material for this was deferred for further consideration.

The Board adjourned *sine die.*

K. G. MITCHELL,
SECRETARY,
Communications Board, Punjab.

ACTING PRESIDENT,
Communications Board, Punjab.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that sons and daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits ; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits ; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Shiva Datta's letter, dated 4th June 1923, requesting an honorarium of Rs. 150 in connection with the publication of the above thesis, also letter No. 725-13 in reply thereto, were read. 11. (a) *Clerical work of the Board.*—As the Board had been declared a non-official body, it was felt that the present arrangements for the above work could not be continued. THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits ; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 50 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. T. TYSON,

Superintendent, Government Printing, Punjab.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

1. The minutes of the meeting held on the 21st September 1923 were read and confirmed.

2. (*a*) *Hudiára Nallah.*—The President read out an unofficial note from the Financial Secretary to the Senior Secretary to the Financial Commissioners, Punjab, stating that all new expenditure except on Gurgaon Bunds and possibly, but not probably, on the Chauburji outfall channel had been cut out of the Budget.

A long discussion ensued as to the advisability of the Boards continuing to function and as to the necessity for maintaining its staff with the insufficient resources at its disposal.

The following resolution was adopted :—

"The Board expresses its disappointment at the very inadequate allotment made to it for the carrying out of important sanitary schemes, of which the most important is the Hudiára scheme. But before taking any further action the Board requests the President to interview the Hon'ble Revenue Member or His Excellency with a view to seeing if any further allotment will be made, especially for the Hudiára scheme. The Board consider it is essential that the small Chauburji outfall scheme also be taken in hand next year."

(*b*) Mr. Scott's proposal to prepare a list of Drainage works in their order of urgency was considered. In view of the financial situation it was decided that no useful purpose would be served and the proposal was dropped.

3. *Sarusti Nallah and Thánesar Drainage Scheme.*—The Drainage Board Engineer reported that the Public Works Department had consented to take charge of the execution of the scheme.

4. *Drainage Board Research Scholar.*—(*a*) Sanction of the President to a tour by the Drainage Board Scholar in England—expenses not to exceed budget allotment—was reported and confirmed.

(*b*) Government's approval to the continuance of the scholarship till February 28th, 1925, conveyed in their letter No. 255/2-00-1/808-S., dated the 28th August 1923, was communicated.

(*c*) The payment in accordance with the recommendation of the Board of £100 to the Lawes Agricultural Trust, Harpenden (England) by Government was communicated.

5. *Aik Nallah.*—The Drainage Board Engineer reported that detailed plans and proposals, for training the Aik Nallah, had been submitted to the Chief Engineer, Irrigation Branch, for opinion.

6. *Waterproof Lining Experiments.*—Mr. Murray informed the Board that a decision had been taken to adopt a concrete and not a bituminous flooring for the Bikaner canals.

7. *Palwal Drainage Scheme and Improvement of Bunds in the Gurgaon District.*—The Drainage Board Engineer explained with the aid of maps the five alternative schemes that are under consideration. The Board resolved that further information was necessary before any decision could be taken as to which of these schemes should be recommended to Government.

8. *Dasúya Tahsil Survey Scheme.*—Nothing to report.

9. *Drainage Board Budget for 1924-25.*—The reductions made by the Finance Department were read.

10. *Policy as regards water-logged areas in irrigated tracts due to Seepage from the Canals.*—The Drainage Board Engineer reported that the various local Committees had now been appointed and would shortly get to work.

11. *Water-logging in the Sargodha District.*—The Chief Engineer reported that an estimate had been sanctioned amounting to Rs. 20,220 for the construction of drains near Wan.

12. *Water-logging in the Sheikhúpura District.*—The Chief Engineer showed with the aid of maps the progress that had been made, and explained that further drainages were being affected and further improvements expected.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted of its benefits; and (2) that subscribers to the widows' and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.
